Individuality

One size doesn't fit all

That's why you bought a Triumph motorcycle. And maybe that's why you find yourself flicking through this brochure. Because our clothing appeals to individuals who don't want their motorcycle kit to come off the same rail as everyone else's.

Motorcycle clothing is always a compromise between function and aesthetics. It has to protect you but it has to disguise that protection through innovative use of new materials and clever design.

Triumph riders cover around 10,000 miles testing every item of 'technical' clothing that carries the Triumph badge. To make sure it keeps you warm in the cold, cool in the heat and safe whatever the weather.

And in a world where much motorcycle clothing still seems to be designed without a great deal of thought, Triumph know that you want gear that performs and does it with a lot of style.

Triumph motorcycle clothing and casual wear. Because there's always someone who wants to be different.
